
Any/All -- Antique / Vintage -- Uniform / Military Buttons

Posted by Military Buttons - 2008/05/28 02:42

Hello!!

If anyone ever comes across any military/uniform type buttons I would be ever so grateful if you could drop me a line...

My website shows a few pictures of what I collect, but always remember uniform buttons have thousands of different styles, designs, and motifs... so if you think it could be a uniform example please just drop me a line...

I really appreciate your help and time!

Best Wishes,

Marc
